FIFTH SUPPLEMENTARY EXHIBIT B

TO

COVENANTS, CONDITIONS AND RESTRICTIONS

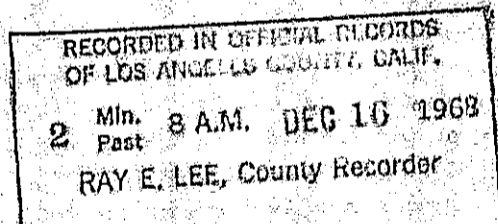

OF TRACTS 27460, 29326 AND 24455

On May 24, 1967 Fourth Supplementary Exhibit B to The Covenants, Conditions and Restrictions of Tracts 27460, 29326 and 24455 (Los Angeles County) was recorded by TWF Investments, Inc. in Book M2565, Page 653, Official Records, Los Angeles County. Said instrument, among other things, imposed height limitations on improvements which would be constructed on certain specified lots in Tracts 29326 and 24455. The height limitations were to be measured from the lowest elevation point of the lot to be built upon.

II

It has always been the intent that the height limitation be measured from the lowest elevation point on the buildable pad portion of the lot and that the elevation points of the rear slope of each lot not be considered in the determination of the lowest elevation point of the specific lot. The purpose of filing this supplement is for the purpose of setting forth this intent.
